

## **Committee on Practice Guidelines**

### **Mission Statement**

The Committee is charged with determining how the Society can develop practice guidelines for the practice of hematopoietic stem cell transplantation.

### **Current Goals**

- 1) Personalizing Busulfan as a component of the conditioning regimen in hematopoietic stem cell transplantation
- 2) Development of “ASBMT - Guidelines App”
- 3) ASBMT position statement- CNS Prophylaxis project proposal
- 4) Indications/Timing of Allo-HCT for CLL/SLL in current era
- 5) Long Term Follow Up project proposal – ASBMT recommendations

### **Ongoing Objectives**

Major task is to update outdated ASBMT transplantation guidelines/ recommendations:

- a. ALL
- b. AML
- c. DLBCL
- d. MDS

### **How You Can Join**

Membership in the Committee on Practice Guidelines is open to any ASBMT member. Please email [maureenknight@asbmt.org](mailto:maureenknight@asbmt.org) with your request to join this Committee.
